

Q: Why does my bank statement show SJ Group 3?

A: Recycle Technologies, Inc. went through an acquisition in the spring of 2020. In order to retain the same name “Recycle Technologies, Inc.” we had to go navigate some legal requirements. We purchased Recycle Technologies, Inc. and renamed it SJ Group 3 dba Recycle Technologies, Inc. When the name change had officially been processed by the State of Minnesota we were then able to drop “SJ Group 3” and keep only Recycle Technologies, Inc.

However, that change does not go into full effect for financial institutions (like banks or the IRS) until later in 2020. For a short time, you may see your payment process as SJ Group 3 rather than Recycle Technologies, Inc. But rest assured-the transaction has gone exactly as it should . This is only a temporary situation while we wait for the regulations of government to run their course.
